

**LEGALIZATION OF THE US DOCUMENTS****Requirements:**

- Only documents (**The Exporter Registry Form, Export Declaration, Certificate of Origin or Invoice**) bearing stamps of the official authorities in the States of New York, New Jersey, Pennsylvania or Delaware can be legalized at Turkish Consulate General in New York.
- All signatures and stamps/seals must be original and ink printed on the document. Copies are not accepted.
- The Exporter Registry Form needs to be filled, hand-signed and stamped by the company's authorized person in permanent ink.  
**"Countries, products are exported to"** section has to include "Turkiye".  
For further information on Exporter Registry Form you may use the web link: [https://ithalat.ebirlik.org/impws/Exporter Registry Form Guide Book.pdf](https://ithalat.ebirlik.org/impws/Exporter_Registry_Form_Guide_Book.pdf)

There are two ways to have the abovementioned documents legalized:

**#1) Legalization at the Consulate after getting U.S. notarizations:**

- I. Document must be notarized by the U.S. local **Notary Public**.
- II. Notarized document must be authenticated by the **County Clerk**.  
Or the documents must be stamped and signed by the exporter's local **Chamber of Commerce** along with the copies of each page.
- III. Approved original documents and their copies need to be brought/mailed to the Turkish Consulate in New York.

**#2) Instead of the Consulate's legalization, an Apostille can be obtained on the documents:**

Documents bearing "Apostille" by the Department of State are exempt from the Consulate's legalization according to the Hague Convention. It is strongly recommended to obtain Apostille in order to send your documents directly to your importer in Türkiye without applying to the Consulate.
